Dear Mr Anderson:

This is to acknowledge your letter of January 5, 1989 regarding your application for an industrial revenue bond from Durham County.

We have reviewed the duties of the Alcoholic Beverage Control Board and the process whereby you obtain industrial revenue bonds.

We do not see any possibility of conflict of interest between the two.

Executive Order Number One is not designed to prohibit anyone from enjoying benefits that are available to the public. Rather, it is a vehicle to promote the concept that board members and state employees will not use their public positions for private gain.

We appreciate your concern.

Sincerely,

K. D. Kennedy, Jr.
Chairman

Attn: Ms. Millie Donavant

Dear Millie:

I currently serve Governor Martin as Commissioner of the North Carolina
Alcoholic Beverage Control Board.

My company, Custom Molders, Inc., will be seeking North Carolina
Department of Commerce endorsement and support for an Industrial
Revenue bond application from Durham County. We will seek these
approvals during 1989.

I am principal owner/chief executive officer of Custom Molders, Inc.
My question of ethics is: Where am I ethically standing during this
process?

Please advise.

Very truly yours,

Franklin R. Anderson
President
